

Show you care for local families in need.

Please give a tax-deductible gift to Windermere.

Families torn apart by domestic violence. Families struggling to raise kids with one or more disabilities.

Whatever the need, these are the families Windermere helps.

Families like Jan's*. Abandoned by her mother at three, abused by a family friend at eight. Now, as a single mum, she is struggling to raise three kids of her own, one of whom has been diagnosed with Autism Spectrum Disorder.

Jan, and others like her, need our urgent help. And that's why we need yours.

For over 120 years Windermere has been helping local families in need. It's a need that never goes away. In fact it grows with each passing year.

Much of what we've been able to achieve is due to the wonderful support of our local community. It comes from the generosity and support of local people just like you – people getting together to help raise money so Windermere can keep on helping others.

Your tax-deductible gift will do so much to help families like Jan's. Giving local, means your money stays right here in your community.

With winter upon us, our resources are even more stretched. As tax time approaches, please give generously to ease the burden on local families.
