Southern Region Autism Communities of Practice

Increasing awareness of ASD within schools/ATSS

A Community of Practice (CoP) is a group of people who share an interest, a craft, and/or a profession. The group can evolve naturally because of the members' common interest in a particular domain or area, or it can be created specifically with the goal of gaining knowledge related to their field. It is through the process of sharing information and experiences with the group that the members learn from each other, and have an opportunity to develop themselves personally and professionally (Lave & Wenger 1991).

- Meet the new ASD Case Consultant Practitioner for the Southern Region
- Share idea's and concerns regarding increasing awareness of ASD's within schools and ATSS's
- Meet others who share a passion for improving outcomes for people with ASD
